

Garrett PD 6500_i

- Enhanced Pinpoint Walk-Through Metal Detector

The PD 6500i leads the industry with superior pinpoint technology and unmatched discrimination features. Designed for maximum patron throughput without compromising security, the PD 6500i is the walk-through of choice for security professionals worldwide.

FEATURES

- 33 Pinpoint Zones to precisely identify multiple target locations from head to toe on the left, center and right sides of the body.
- 20 Standard Programs for application versatility.
- International Security Standards - The PD 6500i meets the world's highest test certifications, including the following international airports:

- Directional Counter with four settings for patron counting (forward, reverse, subtraction reverse and bi-directional).
- Dual Detection: with transmitters and receivers in each panel, the PD 6500i is like having two metal detectors in one. By scanning from both sides, the PD 6500i provides superior detection, uniformity and performance.
- Advanced Broadband Detection Technology provides superior target analysis, ferrous and non-ferrous weapons detection, discrimination and higher patron throughput.
- Superior Versatility: settings designed for airports, courthouses, prisons, schools, facilities, special events, mass transit, loss prevention and many other applications.
- Meets IP55 Standards for water and foreign matter protection.
